

Must-Have vs. Nice-to-Have

Purpose: Help stakeholders distinguish between essential requirements and desirable features before evaluating options.

Curriculum Selection

Guiding Question: What must be true for this curriculum to be successful at our site, and what would simply enhance the experience?

MUST-HAVES: Requirements that are essential for adoption. If a curriculum does not meet these criteria, it should not move forward.

Requirement	Why It Is Essential

NICE-TO-HAVES

Features that would strengthen implementation but are not required for adoption.

Feature	Benefit
